ANNUAL INDEX Volume 46 January-December 1970

SUBJECT INDEX

SUBJECT, AUTHOR(S)	MONTH	PAGE
AGT system would reach Arctic reserves, *Joseph A. Kornfeld*	Aug.	69
Alerting the government on gas supply, *W. E. Rogers*	June	59
Automate meter reading, payment processing	July	62
Automatic answering equipment	Oct.	72
Barcelona LNG facility meets Spanish needs, *Carroll V. Kroeger*	Sept.	43
Barge-mounted compressors serve	May	89
"Blue Flame" to fly low	July	65
Bulk handling of gas odorants, *Frank Elam*	Apr.	74
Can natural gas solve the air pollution problem? *Joseph T. Roe*	June	69
Cathodic protection – witchcraft or wisdom?, *Marshall E. Parker*	Mar.	70
Changes in odorization practices, *A. L. Whitehead*	July	52
Close in offshore wells	July	59
Close look at centrifugal compression, *Robert M. Wardall*	Jan.	40
Coastal States powers West Texas pipeline	Apr.	66
Columbia Gulf powers up with turbines, *Ken Kridner*	Feb.	52
Communicating ideas is essential, *R. R. Van Kerrebrook*	Feb.	62
Comparison: plastics vs steel, *Norman H. Sunness, David W. Denham*	Aug.	71
Compressed natural gas as vehicle fuel, *D. J. Polovnikoff*	July	49
Computer control in the North Sea, *Vinton Long*	Jan.	62
Computer control of a complex storage facility, *Dennis Martell, Arnold Domanus*	June	47
Data acquisition system performs well, *R. F. Sarrine*	Aug.	81
Decade of the consumer, *H. W. Springborn*	Mar.	77
Design for safety, *E. S. Larson*	Sept.	59
Developing an efficient leakage control program, *Stuart B. Eynon*	July	55
Diversification through LNG, *R. T. Miller*	Apr.	58
Economics of peak shaving with LNG, *Victor J. Blanchet, Jr.*	Mar.	86
El Paso Natural tests Centaur compressor set	Mar.	79
Emergency planning pays off, *Frank Elam*	July	42
Emerging goals of the decade, *Carl Bagge*	Apr.	69
Energy excites Washington	Sept.	63
Energy question aired in Washington	June	74
Exercise in sizing of regulating equipment, *Dan Stauffer*	Jan.	58
Floating LNG plant	Dec.	45
Flow metering, *J. T. Cortelyou*	June	65
Fundamentals of circuitry, *James A. Flinn, Jr.*	Oct.	64
Gas cleaning by mechanical separation, *M. M. Valerius*	Nov.	61
Gas companies report power and pipe use	Aug.	66
Gas storage rate increased by stepless control of load	Feb.	58
Gas sweetening in field operations, *T. Ed Griffith*	May	77
Gas transmission model, *Ted Beauregard, Bill Grant*	May	58
Gasunie's Ommen Station pushes strong, *James M. Iocca*	May	82
Gaz de France uses portable compressors, *Pierre Pichot, Fernand E. Verniolle*	Nov.	48
Graphical method determines gas velocity in a pipeline, *Charles H. Paulette*	Jan.	47
High-flow meter calibration, *J. A. Bonner*	July	44
Houston Pipe Line uses supervisory control	Mar.	74
Hydrostatic testing assures maximum pipeline safety	Feb.	50
Industry looks to $2.5 billion budget	May	67
Industry usage of plastics continues upward, *Ken Kridner*	Mar.	65
Internal clamping of a river crossing, *P. Cistaro*	July	60
It took a lot of doing!, *Fred Ebdon*	Oct.	54
Jack Tankersley looks at the industry, *H. W. Springborn*	Oct.	45
Kenai-to-Tokyo LNG in operation, *Arthur E. Uhl*	June	54
Large gas turbines provide power	Aug.	62
LNG operations in Great Britain, *Carroll V. Kroeger*	Nov.	42
Looking at the future gas picture,	Dec.	40
Making ends meet with LNG	Aug.	58
Master meter for testing turbo meters, *Walter H. Browning*	Sept.	52
Mechanized maintenance reporting, *Chris Crawford*	Dec.	42
Methane permeability of polyethylene pipe, *K. C. Ford, E. W. Simmons*	Apr.	63
Microfilm technique saves $$$, *Henry F. Unger*	Dec.	46
Micrometering synthetic lubricant flow	Sept.	57
Modular concept promotes PCM telemetering, *T. R. Haggar*	Sept.	48
More than $300 million for compressors in 1970	Apr.	53
NEGA hears of supply, *H. W. Springborn*	May	75
NEGA meet looks at gas shortage	Nov.	57
New gas meter shop, *E. M. Meagher, R. R. Mahns*	June	51
New LNG plant in Canada, *R. Blakely, A. H. MacPherson*	Nov.	53
Orifice calculations are automated	Feb.	77
Over-all measurement accuracy, *Howard Berghegger*	Feb.	64

XUM

SUBJECT, AUTHOR(S)	MONTH	PAGE
Packaged station accurately meters and controls, *R. E. McBride, L. E. Keys*	May	61
Paris LNG conference brings leaders together, *Carroll V. Kroeger*	Dec.	35
Patrolling the pipeline for safety	Apr.	76
PCM microwave for gas systems, *F. Vinton Long*	Dec.	37
Perlite insulation used at Kenai LNG plant	May	91
Pipeline research group reports to industry on line pipe work	Jan.	35
Pipe stress due to frost heave, *E. W. Browning*	Aug.	74
Plastics shows savings in plowing-in technique, *R. J. Fleming*	Dec.	32
Polyethylenes for gas piping systems, *Darrel D. Meyer*	Oct.	66
Portable compressors used on pipeline system	Feb.	73
Pressure relationships for gas engineers, *J. W. J. Bercher*	Nov.	67
Proving facilities assure improved equipment, *Bart Cranston*	Feb.	84
Regulated companies report 171,467 miles of pipe in use	Jan.	45
Remote meter reading continues, *Dennis Foley*	Aug.	78
Remote meter reading system tested, *George Long*	Apr.	55
Research yields results on noise abatement, *E. E. Allen*	Oct.	58
River crossing adds supply	July	64
Rolls-Royce for gas transmission, *T. C. Tatman*	June	60
Shortcuts save money and manpower, *Henry F. Unger*	Jan.	67
Storage statistics and power, *George C. Grow, Jr.*	Sept.	66
Supply problem in New England	Oct.	50
Treatise on rate of return, *Edwin Vennard*	Oct.	69
20,000-hp jet gas turbine compressor unit	June	71
UHF two-way radio conversion program	Mar.	83
UNG uses plastic pipe	Aug.	80
Vacuum digging gains acceptance for repairs, *John E. Cohoon*	Feb.	80
Well testing determines flow, *E. G. Dahlgren*	Sept.	64
What is ahead for plastic pipe?, *Lewis J. Adams*	Jan.	56
Which jobs should you contract?, *R. E. Schnare*	May	87
'Word Processing Center' speeds complex typing, cuts cost, *Richard D. Wiese, Sr.*	May	80
